Our mission is to develop, build and maintain buildings that exceeds the clients expectation and provide constructive values to client's business. Our vision is to be a well reputed construction company in the QATAR such that others, follow our proven practices and principles. We also Intend to be Clients first choice in construction, Safety and Quality. Project Management and commitment to timely completion while delivering premium quality buildings. We employ sound technology and the best professional expertise to serve our customers. We also give great importance to Value Engineering Study and provide best possible solution to value for money. We use state of the art technology to build future buildings that go in line with the growth of the country.

Safety of employees and our subcontractor employees is a key parameter in our business. For ready reference, we enclose herewith our company's profile with list of projects in progress, few projects executed, and organization chart and trade license. BLACKFOX TRADING & CONTRACTING Company is a Class A contracting Firm of commercial, industrial, high rise buildings and multi-unit residential projects in the Qatar. BLACKFOX TRADING & CONTRACTING Company is a diversified firm with the ability to meet its clients' construction needs through traditional general and advanced technologies contracting, at-risk construction management and design or build relationships. In each case, the company's priority is helping its clients achieve their construction and developmental objectives.

# VISION

Our strategic vision is to lead and shape the area market by being at the forefront of innovative and quality service delivery. To establish ourselves as the leading consumer and service brand in the region.

# MISSION

We are dedicated to deliver the effective, ethical and efficient services to meet the expectation of our clients to giving them the peace of mind to concentrate on their core businesses.

# QUALITY POLICY

At BLACKFOX TRADING & CONTRACTING, we are dedicated to providing high-quality products and services. Our quality policy, integral to our vision, is aimed at becoming the preferred company for all stakeholders, while redefining the construction industry's image globally. We strive to be lean, adaptable and innovative in our processes to remain competitive with the world's top businesses. The Board of Directors at BLACKFOX TRADING & CONTRACTING ensures that this policy is effectively implemented in a safe manner and complies with all relevant legislation, regulations, codes of practice and the ISO 9001:2015 Quality Management Systems requirements across the entire organization. We will achieve continual improvement through the efforts of our Transformation Team, Business Improvement Teams, business objectives, audits, data analysis, corrective and preventive actions, and management reviews.

# HEALTH & SAFETY POLICY

WE STATE THAT,

BLACKFOX TRADING & CONTRACTING holds health and safety as core business value and is committed to creating a future free of incidents and injuries, where: Leadership, passion and commitment are present at all levels working safely enhances quality, Improves productivity and generates value. Attitude and behavior replace static as a measure of success people are enabled to make safe choices about their own and their neighbour's safety and to challenge the environment in which they work.

Good safety behavior is admired, respected and recognized across the organization Peer pressure has replaced policing and acting unsafely is anti-social. We have a well-trained and fully competent workforce who actively contributes to the safe planning of their work. We take pride in everyone returning home safely everyday.

The company recognizes the importance of discharging all its statutory obligations and duties. Our minimum health and safety obligations are those required by relevant legislation and authoritative guidance, will take appropriate steps to meet and in many cases enhance these requirements.

The Board of Directors of BLACKFOX TRADING & CONTRACTING Fully endorse this policy. They will ensure that a documented Health, Safety & Environmental Management System is maintained, containing the arrangements and organizational details of how these requirements will be achieved.

The Boards will ensure that the Management System is periodically reviewed to ensure it remains legally compliant, achievable, relevant and credible. Continual improvement will be achieved by effective implementation of the above. Everyone working for BLACKFOX TRADING & CONTRACTING is required to support and promote this policy and comply with the requirements and duties contained In the SMS-Safety Management System

# BLACK FOX AREA OF EXPERTISE

## 1 • Construction of Buildings & Villas

Construction of various types of buildings forms an integral part of BLACKFOX TRADING & CONTRACTING activities. Among those building types are VIP and prestigious villas, residential villas and complexes, blocks of flats, offices and commercial buildings, labor accommodations, stores and warehouses, workshops, structural steel buildings, sub stations, temporary facilities, and others.

# 2.

## Surveying & Drawing Works:

BLACKFOX provides a comprehensive range of surveying services, specializing in building and road projects. Our expertise includes setting out, topographic surveys, as-built surveys and quantity measurements for stockpiles. We use the latest surveying equipment, such as total stations, GPS, and leveling instruments, to ensure precision and accuracy in every project. Additionally, we employ Civil 3D software for all survey related drawings and provide a complete range of drawing preparations, including shop drawings, as-built drawings, and sectional details.

# 3.

## Architectural & Finishing Works:

Our core expertise lies in finishing works, including painting, polishing, plastering, all types of waterproofing, false ceiling installation and cladding works.

# 4.

## Building Strengthening:

BLACKFOX TRADING & CONTRACTING offers specialized building strengthening services designed to enhance the safety, durability, and resilience of existing structures. Our expert team is equipped with the knowledge and technology to address structural vulnerabilities and extend the life of buildings, ensuring they meet modern safety standards and operational demands.

# 5.

## EXTERIOR FACADE WORK:

Exterior facade work at Blackfox Trading & Contracting refers to the comprehensive process of designing, fabricating, and installing the outer envelope of buildings to enhance both protection and aesthetic value. Blackfox specializes in delivering high-quality facade solutions that combine durable materials such as glass, metal panels, stone, or advanced composite claddings. Their facade work ensures structural integrity against environmental elements, provides thermal insulation, and contributes to energy efficiency.

# 6.

## Interior Decoration Works:

BLACKFOX TRADING & CONTRACTING has large experience in all types of interior decoration works for most types of buildings. This covers all types of hard finishes to the building and the exterior works. BLACKFOX TRADING & CONTRACTING has completed several Interior decoration projects successfully for major clients in Qatar.

# 7.

## GRC Works:

GRC (Glassfibre Reinforced Concrete) combines the strength of concrete with the flexibility of glassfibre, enabling the creation of stunning, durable, and intricate architectural elements. At BLACKFOX, we specialize in the custom design, fabrication, and installation of high-quality GRC components for both interior and exterior applications. Using advanced molding techniques and precise engineering, we create components that are not only visually striking but also resistant to cracking, weathering, and corrosion. GRC allows for creative freedom without compromising on structural integrity.

# 8.

## Infrastructural Works & Pipeline works:

BLACKFOX TRADING & CONTRACTING has extensive experience in roadworks, including kerbstone installation, asphalt paving, and interlocking work. At the same time, we specialize in a wide range of pipeline services, covering both dry and wet utilities. Our expertise includes working on QNBN lines, Ooredoo lines, various types of chambers and manholes, as well as pressure water lines, drainage systems, and foul sewer lines.

# 9.

## AC Works:
